IN OLYMPIC EXCELLENCE

We aspire to Olympic excellence in USA Weightlifting and support the journey to this goal. Our work starts in local gyms but finishes on the world stage.

IN BUILDING A SAFE SPACE

USA Weightlifting uses external force to build internal strength. We are committed to keeping the sport clean, safe and focused on challenging individuals physically to help build strength within.

IN EDUCATING EDUCATORS

Our work goes beyond just the athletes, to educate the educators. Through development of coaches and technical officials, we are ensuring excellence throughout the sport.
